CAGR⁵

Water Systems
\$963.6M (55%)

Distribution
\$497.6M (28%)

Fueling Systems
\$289.1M (17%)

Global Market Opportunity⁶

On a daily basis, the world uses:
~3 Trillion gallons of freshwater
~1 Billion gallons of fuel

To meet this demand:
**Franklin produces ~20,000 pumps,
motors, drives, and controls daily**

Strategic Vision

Continue to drive organic growth

Maintain differentiators and
operational efficiencies

Identify opportunities for
inorganic growth

**Corporate strategy aligned with ESG principles
and a focus on increasing transparency**
